

# Boogie Board Basics

As Simple to Use as Paper and Pen

1. **Create images by applying pressure** to the Reflex™ LCD writing surface. The affected liquid crystals realign to reflect ambient light.
2. **Use the included stylus** or almost any other instrument — even your finger!
3. **Create intricate drawings** with different line thicknesses — just like paper and pen.
4. **Push the erase button** to clear your image.
5. **Ultra low power consumption.** The sealed 3v battery in Boogie Board 8.5 tablets\* provides over 50,000 erase cycles — that's 20 erases per day for 6 years!
6. **All plastic construction** (including the LCD) is durable and shatter-proof.

\* Boogie Board 10.5 tablet includes replaceable batteries.

## Custom Graphics

Customize the Boogie Board 8.5 LCD Writing Tablet with the identity of your company, school or organization. With dozens of every day uses, the Boogie Board tablet will provide years of name reinforcement:

- Earn customer loyalty
- Promote school spirit
- Generate fundraising revenue
- Strengthen your brand

Volume purchase required.

## Say Goodbye to Paper!

# Boogie Board™

LCD Writing Tablet

The tree-friendly, electronic alternative to memo pads, sketchbooks, sticky notes, and dry erase boards.

IMPROV electronics

# Join the Movement Go Paperless!

"Can't think of any better way to stop using paper"

*Mobile Magazine*

Next time you reach for paper and pen – DON'T! Grab a Boogie Board LCD Writing Tablet instead, the tree-friendly, electronic alternative that saves paper with every erase.

"It almost feels magical the way the 'ink' flows out of the stylus"

*The Gadgeteer*

And it's just as easy to use as paper and pens. Write or draw with the included stylus or almost any other suitable instrument – even your finger! Press the erase button to clear your image.

"Device worthy of the century we live in" *Softpedia*

With dozens of uses around the home, office, school and field, get the Boogie Board tablet and say goodbye to paper for good!

**SCHOOL**  
leave messages - make lists - write memos

**HOME**
